

Is Your Business Protected Against Data Loss?

The odds are against businesses that do not protect their data ...

- 34% of companies fail to test their tape backups, and of those that do, 77% have found tape back-up failures.
- 60% of companies that lose their data will shut down within 6 months of the disaster.
- Companies that aren't able to resume operations within ten days (of a disaster hit) are not likely to survive. (Strategic Research Institute)
- 31% of PC users have lost all of their files due to events beyond their control.
- 30% of all businesses that have a major fire go out of business within a year. 70% fail within five years. (Home Office Computing Magazine)
- 6% of all PCs will suffer an episode of data loss in any given year. Given the number of PCs used in US businesses in 1998, that translates to approximately 4.6 million data loss episodes. At a conservative estimate, data loss cost US businesses \$11.8 billion in 1998. (The Cost Of Lost Data, David M. Smith)

Why Use Envision Consulting Remote Data Backup?

Our automated, reliable, secure and easy-to-use backup service will save you time, money, and in the event of a disaster, your business.

Protect Your Data From

Computer Viruses & Worms
 Hard Drive Crash & Failure
 Backup Media Degradation
 Acts of Terrorism
 Natural Disasters
 PC Power Failure
 Human Error
 Sabotage

Leading Causes of Data Loss

Benefits

Fully automated
 No administration required
 Easy-to-use web interface
 Reduces work load
 Eliminates negligence
 Easy to deploy and maintain
 Send data off site to secure data center
 Saves money and time
 Run your backup automatically at night
 Receive morning backup report daily via email
 Data availability. Your data is available when you need it
 Data recovery assured 24x7x365

Daily Backup of Your General Data Files

Users My Documents Folder
 Email, Contacts, Calendar
 Microsoft SQL Server 7.0
 Microsoft Exchange 2000/2003
 Lotus Dominos Notes 5.0 & Above

Runs on Many Operating Systems

Windows 95, 98, ME, NT, 2000, 2003, XP, Vista
 Any platform supporting Java2
 Linux/Unix/BSD/Solaris
 MAC OS X
 Novell

Security

Point to Point SSL between server and client
 Data is 128-bit encrypted
 Data is always compressed and encrypted during transmission and storage at highly secure data center
 Twofish, Triples DES, or AES encryption
 ONLY the user has decryption key, no one else
 Not even Envision Consulting can see your data
 Restricted access by IP address
 Data access audit logs

Compliance

Envision Consulting supports the following compliance regulations with on-demand recovery while ensuring strict data security and confidentiality.
 -HIPAA
 -Sarbanes Oxley
 -SEC/NASD

Remote Data Backup Pricing

Server Storage	Cost / Month
1,000 MB / 1 GB	\$25.00
10,000 MB / 10 GB	\$35.00
